

# Sustainable Photonics Conference

July 15-17, 2026  
Hangzhou, China  
[www.spconf.org](http://www.spconf.org)

## Welcome to SPC 2026

Join us from July 15-17, 2026, in the vibrant city of Hangzhou for the Sustainable Photonics Conference. This premier event will bring together leading experts, researchers, and industry professionals to explore the latest advancements and innovations in photonics technology with a focus on sustainability.

The conference will feature keynote speeches, panel discussions, and workshops covering a wide range of topics, including green photonics, energy-efficient technologies, and sustainable manufacturing practices. Attendees will have the opportunity to network, share insights, and collaborate on solutions that address the challenges of climate change and environmental impact in the photonics sector.

Don't miss this chance to be part of a transformative dialogue that aims to shape the future of photonics for a sustainable world. We look forward to welcoming you to Hangzhou!

### Call for Papers

- Topics interested but not limited to:
- T1 Nanophotonics and Nanofabrication
- T2 Specialty Fiber and Applications
- T3 Laser Technology
- T4 Biophotonics
- T5 Quantum Optics
- T6 AI Photonics
- T7 Silicon Photonics and Optoelectronic Devices
- T8 Optical Sensing, Inspection and Measurement
- T9 Optical Communication and Networks
- T10 Workshop on Sustainability Technology

### Conference Awards

- Best Paper Award
- Best Student Paper Award
- Best Poster Award
- Early Career Award
- Sustainable Photonics Student Achievement Award
- Sustainable Photonics Technology Innovation Award
